If ECS does not go thru on a specific date, where there were enough funds in my bank account, then how can they call me a defaulter? Category: Unknown | Subcat: Unknown | Date: Unknown Date

I had subscribed to Shine because of their promises of ensuring my CV reaches many top recruiters for senior management positions, and Shine shall bridge the needs between myself and the company. They asked for Rs 4000+. Once I paid, i get the second and third call. The second call is to increase my CV highlight and get it to those vacancies which they claim are not publicly announced. This time they ask for Rs 12-15000. And simultaneously they also ask to upgrade my learning. So another rip off I am

sure of another Rs 10-15000. So in the end, it seems like Shine captures candidates data, then market and then loot. I would really like to know how many candidates have been laced by Shine with such stealth approach. My guess is, it's a compete rip off.

I got a call from a girl representative saying that I have been selected as of the reputed HDFC credit card customers and they are offering me many discounts and offers. They offered me a total of 5 services. 1. 6000 worth meal vouchers. 2. International trip with family. 3. Some vouchers for shopping 4. 1000 cashback if I spend more than 10, 000 in any month. 5. I cannot remember exactly. The call was in such a convincing tone that they ended up asking for if I was interested to make the payment. I knew that it's a fake call, so I asked YES. They sent me a PayU Money payment link which was registered for www.shopedge.co.in. While checking in Domain whois database, I found that this domain is expiring on 1st May 2019. Here are my observations. 1. No company would register a domain name for such a short time. 2. I haven't spent that much money on my card that I got selected as a reputed customer.. LOL 3. Hi SSS (who I'm coming to think of a complete fraudulent enterprise now), It is very upsetting to be writing a complaint here yet again. This is following a long chain of complain/ redressal mails regarding my order ref: JEUACCCMK. After repeated mails to you (also involving a scam call from someone claiming to be from SSS asking for my credit card details and a police complaint about the same), you eventually responded saying my order has been shipped and I'd received the tracking URL the following day. This was 4 days ago- on March 7th. After repeated mails, I have received no response from you- neither the URL nor the parcel in sight. Meanwhile because I left my no. here in the vain hope to hear from you, people have been mistaking it for your no. (since you have very smartly- though not quite so- put up a no. on your website that DOES NOT WORK). So your unfortunate customers (like myself) are calling me instead thinking it's your no. and saying how there is no trace of their orders... [TRUNCATED]

When people politely ask him to sweep the area little early he talks rudely and converts it into a vocal fight. He has no respect for people and his work. There are no dustbins and garbage collectors do not come regularly so people throw waste in the middle of the streets. This could lead to diseases and illness. Too many stray animals make the situation even worse by their excreta and dispersing garbage in search of food. Sir i request you to please consider this matter as urgent and take some serious action as soon as possible. Thanking you.
